Project Summary:

July 2018 – March 2021

Unified Project Performance Report (A Performance monitoring app)

Role: UI Developer

Technologies: Angular 5, Dot Net.

About:
    This system helps construction companies track project progress. Workers log their tasks, and the system generates reports for management to easily monitor the construction phases: pre-construction, construction, and post-construction.

AFNIC Customer Portal and AFNIC Broker Portal

Role: UI Developer

Technologies: Angular 8, JAVA.

About:
   Customer Portal helps vendors to create motor vehicle insurance by providing vehicle details and choosing a plan. The Broker Portal is used for non-motor insurance like home and medical. Worked on both projects from the ground up and learned how to set up a theme for angular application.

April 2021 – Present

Agilysys Service

Role: UI Developer
Technologies: Angular, Ionic, Dot Net.

About:
   The service system allows hotel staff to communicate efficiently to maximize the guest experience. The system can assign and manage tasks for engineering, facilities and housekeeping with real-time alerts. The system has a mobile application module to distribute tasks and manage them to hotel staffs.

Agilysys Rentals

Role: Full Stack Developer
Technologies: Angular, Dot Net.

About:

   The Rental system is designed to simplify the rental experience for guests staying at hotels and resorts. This system provides an intuitive and user-friendly interface for booking items during their stay. It enables easy management of rental assets, dynamic pricing strategies, and customizable add-ons, all while delivering a seamless experience from booking to check-out.

Agilysys QuickPay

Role: UI Developer
Technologies: Angular, Dot Net.

About:
   Quick Pay allows guests to use their own mobile device, scan a QR code on the InfoGenesis check, review a digital copy of the check, add a tip & initiate payment, maintaining a fully touchless guest payment experience in POS. And in PMS systems, advance collecting and automating deposits also achieved.
